

## Talk Certificate

This certifies that

**Ademi Zarije**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled  
*Shared-control shuttling link between distant germanium spin qubit registers*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at  
Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that

**Annoni Emilio**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Distinguishability tomography of multiple interfering photons*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that

**Aurore Young**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Quantum simulations with circular Rydberg atoms*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

# Talk Certificate

This certifies that

**Brunel Hector**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Generation and characterization of non-Gaussian states*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that  
**Capannelli Kenji**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Tracking spin qubit variations over 912 days*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that

**Darmon Sarah**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Development of an airborne cold atom gravimeter*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that

**Delarue Thibault**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Ultracold coherent control of molecular collisions at a Förster resonance*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

# Talk Certificate

This certifies that  
**Hameury Jil**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Phase transitions and dimensionality in polariton fluids*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

# Talk Certificate

This certifies that

**Huet Helio**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Deterministic and reconfigurable graph state generation with a single quantum emitter*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

# Talk Certificate

This certifies that  
**Kaseb Zeynab**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Solving Power System Problems using Adiabatic Quantum Computing*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that

**Maiti Soubhadra**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Requirements for Teleportation in an Intercity Quantum Network*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that

**Meguebel Mohamed**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled  
*Generation of frequency entanglement with a quantum dot-waveguide system*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at  
Paris-Saclay (France), bringing together young researchers in quantum physics.  
<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that

**Mittal Nehal**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Observing topological phase transition on an ultracold atomic experiment*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that  
**Nguyen Dinh Tien**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Error-protected qubit based on pinhole Josephson junctions*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that

**Oslovich Samuel**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Executing and Compiling Programs on Quantum Network Nodes*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

# Talk Certificate

This certifies that  
**Quach Hoa Mai**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled  
*Ultracold atoms in strong disorder: A direct measurement of the Anderson transition*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at  
Paris-Saclay (France), bringing together young researchers in quantum physics.  
<https://quantum-phday25.sciencesconf.org/>

## Talk Certificate

This certifies that

**Terris Bethany**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Solving the Problem of Empirical Confirmation: Persistence and Identity in Relational Quantum Mechanics*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>

# Talk Certificate

This certifies that

**Valvo Edmondo**

was selected to give a talk at the Quantum PhD-Days 2025 conference, entitled

*Efficient Microscopic Modelling of Hole Spin Qubits*

The Quantum PhD-Days 2025 is an international conference held on June 18–19, 2025 at Paris-Saclay (France), bringing together young researchers in quantum physics.

<https://quantum-phday25.sciencesconf.org/>
